006

Date: February 21, 2012

TO: ALL MISSION PERSONNEL
FROM: TERRY ALSTON – HUMAN RESOURCES OFFICER
SUBJECT: ELECTRICAL CONTROLS TECHNICIAN AT FACILITIES MAINTENANCE SECTION (FMS)

Employees are invited to apply for this position or refer *qualified and eligible* candidates to the Embassy Human Resources Office. *Application procedure* is outlined at the end of this notice. Questions should be directed to the Human Resources Office.

<u>POSITION TITLE:</u>	Electrical Controls Technician
<u>OPEN TO:</u>	ALL INTERESTED CANDIDATES
<u>GRADE LEVEL:</u>	FSN-07, FP-07* (Full Performance Level)
<u>WORK HOURS:</u>	Full Time, 40 hours per week
<u>POSITION TYPE:</u>	Permanent
<u>OFFICE LOCATION:</u>	Facilities Maintenance Section
<u>OPENING DATE:</u>	Immediate
<u>DEADLINE:</u>	March 6, 2012 at 6 P.M. Kyiv Time

*FP –7 is subject for confirmation with Washington.

ALL ORDINARILY RESIDENT U.S. CITIZEN AND THIRD COUNTRY NATIONAL APPLICANTS MUST HAVE THE REQUIRED RESIDENCY PERMIT TO BE ELIGIBLE FOR CONSIDERATION AND ARE REQUESTED TO ATTACH COPY OF THEIR **RESIDENCY PERMIT** TO THE APPLICATION.

BASIC FUNCTION OF POSITION:

Employed as an Electrical Controls Technician to carry out skilled maintenance and repair work throughout the New Embassy Compound (NEC) buildings, grounds and residential owned/leased properties. The incumbent specializes in electrical control systems of automated equipment and assists with program control sequences, control devices and their interface with the Building Automation System (BAS). Work assignments are directed by the Electrical Engineer.

MAJOR DUTIES AND RESPONSIBILITIES:

- | | |
|--------------------------|------------|
| Operation Support | 50% |
|--------------------------|------------|
- Maintains and operates the Electrical Power Control System and other building electrical systems. Included but not limited to, emergency generator controls, fire alarm control, fire suppression systems, automatic transfer switches, relay controls, programmable control systems for switch gear, medium voltage transformers.
 - Assists the Building Automation System Technician (BASET) in the production of computer generated reports from the Building Automation System, which is the backbone of the Electrical Power Control System, to troubleshoot and diagnose trending data.
 - Performs preventive maintenance on the Electrical Power Control System and related components to maintain system operation and reliability to ensure uninterrupted power and continuous air supply to critical facilities, equipment and systems. Responds to scheduled, unscheduled and preventive maintenance work orders generated by the Computerized Maintenance Management System (CMMS). The current program for the Department of State is Work Order for Windows (WOW).
 - Inspects, tests, evaluates, calibrates and updates Electrical Power Control System and wiring to improve reliability and to assure dependability and safety and compliance. Inspects facilities (including houses, temporary trailers, buildings, etc); equipment (e.g. fire safety, generators, compressors, etc.); systems (e.g. electrical, plumbing, power sources, etc.); and work of vendors to determine condition of facilities, safe operation of equipment, quality and safety of work, and scheduled maintenance. Provides routine and emergency condition inspections, as required by manufacturer requirements, on all systems and advises the Facility Manager and Supervising Engineer in writing of problems and recommendations.
 - Ensures proper use of time, tools, specialty diagnostic devices materials, parts and provide data on all completed preventive maintenance task, spares, and consumables.
 - Responds to 24-hour emergency calls to repair remote generator systems and assigned work area during off-duty hours.

Maintenance Support **40%**

- Assists in analyzing Electrical Power Control Systems, obtaining and documenting critical performance data to be reported to the Facility Manager (FM) or supervising engineer detailing operational proficiency. Data consists of power consumption, evaluations and historical data reviews, and systems performance requirements. Reviews reports and logs generated by the Electrical Power Controls to analyze the systems performance and reports to supervising engineer.
- Assists in preparation of Statements of Work (SOW) and construction documents for repairs, new construction and renovation work. Assistance includes obtaining telephone/written estimates and quotes of materials and equipment needed for repairs and the completion of job tasks. Monitors contractors work for providing products and services as the terms and conditions of the contract. Assists in developing punch lists, testing, and inspections as required to ensure quality services and construction work and assists LES Facility Maintenance personnel in the performance of in-house projects.
- Assists in providing guidance to other LES Facility Maintenance personnel and vendors/contractors in the correct operation of equipment, use of diagnostic devices and materials used to complete required maintenance activities, general operations, and future expansion projects.
- Assists in the development and implementation of a comprehensive preventive maintenance program for building systems equipment and associated control devices.

Logistic Support **10%**

- Contributes to the safety program of the facility. Insures work does not present health problems or risk of injury to workers or other employees or visitors.
- Remains current on job specific expertise through various sources (e.g. trade publications, trade shows, vendor communication, etc.) to keep abreast of the latest technological developments and products to improve generator reliability.
- Collateral duty assignments will be at the discretion of the Facility Manager but could include the following: Additional mechanic duties, Assistant POSHO, Government Technical Monitor (GTM), and/or Escort. Participates in LES Facility Maintenance personnel training programs sponsored by DOS, manufacturers and private vendors.

REQUIRED QUALIFICATIONS:

EDUCATION:

The position requires successful completion of technical/ vocational school in the repair and maintenance of building control systems, or specialized electrical building controls, or electrical equipment, or any other related field.

WORK EXPERIENCE:

Minimum of three (3) years experience as an Electrical Controls Technician with building control system knowledge is required. Experience must be with large, modern, commercial or Government office building in operations and maintenance.

LANGUAGE:

Level I (basic knowledge) in English, Level III (good working knowledge) in Ukrainian or Russian languages is required.

KNOWLEDGE:

The incumbent shall possess job knowledge to include general computer literacy, basic math and the ability to use measurement tools needed to lay out and cut shaped, threaded, and joined materials. Must have a good working knowledge of building electrical control systems (structure and design), direct digital control technology, devices and control wiring. He or she must be familiar with international building, electrical codes to be able to perform installation, maintenance, and repair work to meet code requirements. A general knowledge of building systems and operations, electrical principles and theories, and familiarization of the proper use and hazards of chemical materials is needed. Knowledge of normal, standby, and emergency modes of utility, generator, automatic transfer switches and UPS power is required.

SKILLS AND ABILITIES:

The incumbent shall have the skills and abilities in the following areas: testing electrical components and taking equipment readings with various meters, hand tools, power tools, and specialty tools to determine appropriate repairs. Must be able to use tools of the trade in order to install, troubleshoot and repair building electrical control automated systems and all associated devices. Additional skills include working with emergency standby generator systems; distinguishing frequencies and sounds, color codes and odors in the operation of equipment in order to troubleshoot for repairs. Additional abilities include responding to emergency situations in an efficient and timely manner to effect immediate repairs; work in various adverse conditions such as tight or enclosed spaces, heights, and temperature extremes, indoors or outdoors to complete work assignments; communicate orally and in writing with co-workers, contractors and vendors to obtain and provide pertinent information. Must have excellent interpersonal skills and be able to handle a large workload and multiple tasks and be organized.

APPLICATION AND SELECTION PROCESS:

- ✓ Effective August 1, 2010 Office of Overseas Employment announced new Universal Application for Employment (DS-174) as a **mandatory** application for any locally recruited positions. To apply for this position all interested candidates should fill out the DS-174 **in Ukrainian or English** and submit it to the Embassy Human Resources Office by COB **March 6, 2012**. The new DS-174 is available on the official U.S. Embassy website under the Employment Opportunities section:
<http://ukraine.usembassy.gov/job-opportunities.html>.

Universal Application for Employment (DS-174) can be filled out electronically, but still must be printed, signed and emailed to: KyivHR@state.gov or faxed to: [521-5155.](tel:521-5155)

Note: Only those applications that are received in the Human Resources Office *before* the closing date will be eligible for consideration. Any application package that doesn't include the UAE (DS-174) will be considered incomplete and will not receive further consideration for recruitment.

ADDITIONAL SELECTION CRITERIA:

- Current employees serving a *probationary period* are not eligible to apply for this position.
- US Citizen EFM who are currently employed under *Family Member Appointment* (FMA) must work for 90 calendar days in their current position before being able to apply for advertised position.
- US Citizen EFM and NORs who are currently employed under *Personal Services Agreement* (PSA) must work for 90 calendar days in their current position before being able to apply for advertised position.
- U.S. Veterans and U.S. Citizen EFM will be given preference in hiring over other *equally qualified candidates* in accordance with Section 301 (c) of the Foreign Service Act of 1980. Candidates who claim *U.S. Veterans hiring preference* must provide a copy of their Form DD-214 with their application. Candidates who claim U.S. Citizen EFM hiring preference should indicate their EFM status in the application form.
- Only those applicants who are selected for the interviews will be contacted.

EQUAL EMPLOYMENT OPPORTUNITY STATEMENT

The U.S. Mission in Kyiv provides equal opportunity and fair and equitable treatment in employment to all people without regard to race, color, religion, sex, national origin, age, disability, political affiliation, marital status, or sexual orientation. The Department of State also strives to achieve equal employment opportunity in all personnel operations through continuing diversity enhancement programs.

The EEO complaint procedure is not available to individuals who believe they have been denied equal opportunity based upon marital status or political affiliation. Individuals with such complaints should avail themselves of the appropriate grievance procedures, remedies for prohibited personnel practices, and/or courts for relief.

СКОРОЧЕНИЙ ПЕРЕКЛАД УКРАЇНСЬКОЮ МОВОЮ

Технік з обслуговуванням контролально-вимірювального обладнання

Основні обов'язки:

Технік з обслуговуванням контролально-вимірювального обладнання виконує технічне обслуговування та ремонтні роботи в усіх приміщеннях посольства та на його території, а також у житлових приміщеннях, що орендується або знаходяться у власності посольства. Працівник спеціалізується з систем автоматичного управління електричним обладнанням та контролює послідовність програмного керування автоматичними пристроями та їх інтерфейсу в рамках автоматичної системи керування офісними приміщеннями в цілому.

Вимоги до кандидата:

Освіта:

Диплом професійно-технічного училища за спеціальністю з обслуговування та ремонту систем автоматики інженерного обладнання офісних приміщень, чи за спеціалізацією по автоматизації інженерних систем приміщень чи іншою схожою спеціальністю.

Досвід:

Мінімум 3 роки досвіду роботи на посаді техніка з обслуговуванням контролально-вимірювального обладнання у галузі обслуговування систем контролю великого, сучасного, комерційного або державного офісного комплексу.

Знання мови:

Українська або російська мова:

Середній рівень володіння із знанням професійної термінології.

Англійська мова:

Базовий рівень володіння мовою;

Професійні знання та навички:

Кандидат повинен мати спеціалізовані комп'ютерні знання, вміти робити прості математичні розрахунки, та мати навички користування вимірювальними пристроями як цифрового та аналогового зразка. Кандидат повинен добре розуміти принципи побудови систем автоматики інженерного обладнання приміщень, знати технології прямого цифрового управління, мати досвід роботи з електричними пристроями та контролльними вимірюваннями. Повинен знати міжнародні будівельні електричні норми для монтажу, обслуговування та ремонту обладнання з дотриманням міжнародних технічних вимог. Кандидат повинен мати загальне розуміння будівельних систем та їх роботи, принципів та законів електрики, знання техніки безпеки з використання хімічних матеріалів. Повинен знати як працюють

системи електропостачання, генератори, перемикачі та системи безперебійного живлення у звичайному, резервному та аварійному режимах.

Подача документів:

Кандидати на вакансію мають надіслати анкету на працевлаштування в Посольство США (DS-174) на електронну пошту: KyivHR@state.gov, або по факсу: 044-521-5155. Анкета може бути заповнена як англійською так і українською мовами. За бажанням кандидат може додати до анкети своє резюме та інші супроводжуючи документи. Анкету на працевлаштування (DS-174) та повний текст оголошення англійською мовою можна знайти на офіційному сайті Посольства США у розділі Вакансії (Job Opportunities): <http://ukraine.usembassy.gov/job-opportunities.html>. **Кінцевий термін подачі анкет на вакансію до 6 березня включно. Анкети, які будуть отримані після 6 березня розглядатися не будуть.**
